

# QUICK PLUG

THE EVOLUTION OF ROOTS

## AERO<sup>NT</sup> FOR PROPAGATION OF CUTTINGS AND TISSUE CULTURE

Aero<sup>NT</sup> plugs are created by blending high-quality peat with coir fibers, perlite and a binder. This blend is a perfect medium for the propagation of cuttings under high humidity conditions, like propagation rooms.

The Aero<sup>NT</sup> plug can be used to propagate annuals, perennials, trees, vines and tissue culture. The unique formulation enables the Aero<sup>NT</sup> plugs to dry faster than most media but is easy to rewet.

### ADVANTAGES

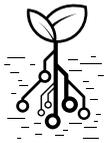

- Outstanding drainage
- Easy sticking
- Consistent sticking depth
- Faster transplanting
- Optimized for automation
- Excellent contact with cutting
- Quick dry down
- Easy rewetting

The Aero<sup>NT</sup> trays arrive pre-filled and ready to use. The dibble (sticking) holes are pre-drilled and designed for cuttings. The Aero<sup>NT</sup> dibble holes are filled up with a fine loose substrate that guarantees an optimal contact of the cutting with the soil without compromising sticking speed.

# QUICK PLUG

THE EVOLUTION OF ROOTS

## TECHNICAL DATA SHEET

**DESCRIPTION:** Aero<sup>NT</sup> plugs are created by blending high-quality peat with coir fibers, perlite and a binder.

**APPLICATION:** Aero<sup>NT</sup> plugs are a perfect medium for traditional greenhouse production of cuttings under high humidity circumstances. They can be used to propagate annuals, perennials, trees, vines and tissue culture.

### PHYSICAL PROPERTIES:

pH: 5.6 +/- 0.2

EC: 0.8 +/- 0.2

### TO USE:

- There is no preparation required before sticking, as sticking holes are pre-drilled and ready-to-use.
- Stick cuttings in the soft center.
- Mist Aero<sup>NT</sup> plugs immediately after sticking. Never pre-water Aero<sup>NT</sup> plugs.

**STORAGE & HANDLING INSTRUCTIONS:** Store out of direct sunlight in a cool dry location. As with any peat product, wearing gloves when handling is recommended. If the product is dry, a dust mask may be worn.

**SHELF LIFE:** 3 months when stored as directed. Monthly inspections recommended.

**DISPOSAL:** Please contact your local waste disposal facility for end-of-life options.
